Monday mornin' I'm feeling down
'Cause she's in the country
Tuesday mornin' feels about the same
Wednesday don't seem so bad
Thursday's getting closer
Friday I'll be back out there again

I call her sweet country woman
She's the one that keeps me goin'
When the times get bad
I call her sweet country woman
'Cause she gives the sweetest lovin'
I've ever had

Sunlight filters through the trees
She'll lay beside me
When I leave that city far behind
Walkin' in the misty morn'
Watch a new day being born
And feelin' her body close to mine

I call her sweet country woman
She's the one that keeps me goin'
When the times get bad
I call her sweet country woman
'Cause she gives the sweetest lovin'
I've ever had

I call her sweet country woman
