Lately I've been so lonely  
Holding everything  
Without love  
Now I'm holding you  
And it feels so good  
Don't let go now  
Come home with me

(Let's spend the night)  
Together  
(Let's spend the night)  
It feels so good  
To know your love will be there  
For me  
And only me

Scratch my friends' opinions  
I'm not blind I see  
All they want to do  
Is get you away from me  
But now I have you  
Totally

(Let's spend the night)  
With someone who cares  
(Let's spend the night)  
It feels so good  
To know your love will be there

When I wake up  
With you by my side  
Roll on over won't you  
I feel so alive

Let's spend the night

(Let's spend the night)  
Close together  
(Let's spend the night)  
It feels so good  
To know you're there

[not sure of this line]  
Yes to know that you'll be there  
It feels so good  
Yeah, yeah  
I don't have to worry  
Cause it feels  
Will be there for me  
When I roll over, yeah  
Yeah, yeah, yeah, yeah  
Just be there

Let's spend the night
