Pump up the bass
Hey
Pump up the bass
Pump
Pump up the bass
Pump up the bass
Pump-pump-pump
Pump-pump-pump-pump

What youve been missin in a man
I can survive, your wish is my command
I'll work hard to fill up your needs
Give you lesson on what it is to

Feel good, baby
Get undressed and slip on this robe
Re- lax, darlin
Just sit back,

Can you feel the magic in my hands
When I touch and rub you the right way
Stroke applied with tenderness
When I hold and rub you the right way

A light massage, a soft caress
Whenever I need to rub, I run her happiness
Customer satisfaction is a guarantee
So for your pleasure, come on over here, please

Hey
So hold on and throw off that coat
Show
I'll show you pleasure like youve never known

Can you feel the magic in my hands
When I touch and rub you the right way
Stroke applied with tenderness
When I hold and rub you the right way

Feel the magic in my hands
When I touch and rub you the right way
Stroke applied with tenderness

When I hold and rub you the right way

Pump up the bass

Hey

Pump up the bass

What-what-what

What-what

Hey

Get ready

Re-, girl lax, yeah

Oh... oh... oh...

Can you feel the magic in my hands

When I touch and rub you the right way

Stroke applied with tenderness

When I hold and rub you the right way

Feel the magic in my hands

When I touch and rub you the right way

Stroke applied with tenderness

When I hold and rub you the right way

Your every wish is my command

So get undressed and?

Gonna rub with my magic hands

Give you what you're missin in a man

Stroke you with a soft caress

Applied with so much tenderness

Hold on tight and don't let go

Give you pleasure like youve never known before

Feel the magic in my hands

When I touch and rub you the right way

Stroke applied with tenderness

When I hold and rub you the right way

Feel the magic in my, in my

Customer satisfaction, baby

Stroke, hey, hey

Hold and rub you the right way

Do you feel it, do you feel it

Oh... oh... oh... oh... oh...

Pump it

Party

Come on, darlin

Come on, do you

Do you feel it, baby, feel it, baby, feel it, feel it, feel it,

feel it,

Feel it Oh, baby Stroke, baby, oh...

Feel it, baby, feel it all over
Feel it, honey, see what

Whatever you want, I got it
Whatever you need, I got it, baby, got it, baby
Whatever you want, I've got it in my hands
Whatever you need, I'll fulfill your needs, baby
