(Oh, how long is forever this time?)
You say that you'll love me forever
And you say that you'll always be mine
Now you're back and I can't help
But wonder, oh, how long's forever this time?

Though my heart tells me I should believe you
When I look through my memories I'd wind
Our love's filled with pain
Please don't hurt me again
Oh, how long's forever this time?

Each time that you leave me, my tears fall like rain
Yet, I ask you to come back and hurt me again
One day, you'll come back and you'll really be mine
Oh, how long's forever this time?
Oh, how long is forever this time?
