(Is there anybody here) as lonely as I am
Speak to me talk to me speak to me
Is there anybody here tired of cryin'
Speak to me talk to me speak to me
Waiter there's a stranger sitting all alone
And maybe she's got troubles like my own
So ask her if there's anything I can do
Cause I've got troubles and I'm lonely too
Is there anybody here searching for someone
Speak to me talk to me speak to me
[guitar]
Is there anybody here as lonely as I am
Speak to me talk to me speak to me
