Some people live for future taste
And they never wonder why
I can't afford to be afraid
Cause there's nowhere I can hide

I know there is a price to pay
I know that it's the risk I take
At least I know that I'm alive
When I'm fighting to survive

Out on the edge I can't forget
Out on the edge with no regrets
Hanging on by silver thread
I live my life on the edge of the edge

When the pressure turns me on
I kick in to overdrive
It bears time before I'm gone
I'm gonna find out why

I know there is a price to pay
I know that it's the risk I take
At least I know that I'm alive
When I'm fighting to survive

Out on the edge I can't forget
Out on the edge with no regrets
Hanging on by silver thread
I live my life on the edge of the edge

Well don't tell me I don't understand
It's never black and white
You tell me I should have a plan
Well I only have tonight

I know there is a price to pay
I know that it's the risk I take
At least I know that I'm alive
When I'm fighting to survive

Out on the edge I can't forget

Out on the edge with no regrets
Hanging on by silver thread
I live my life on the edge of the edge.
