She ain't getting any younger  
And all the pressure she was under  
She don't need a lover  
Who will only bring her down  
Now the lover she is being  
He decided he is leaving  
Said see you next time around

Oh these times they're not treating you fair  
The last thing you need right now is a lover  
You gotta share

Baby you're mine, I won't let you down  
Your soul lies open, it's been dragged  
Through this town  
Baby you're mine, gonna turn your world  
Around, there will be no mistaking this time  
Baby you're mine

She knew what she was doing  
All the lovers that she was choosing  
But when it didn't work out to plan  
She'd come running, oh I saw it coming  
Like so many times before

I can't go on like this, no I can't pretend  
I fell it's gone too far  
These tears and pain should end

Baby you're mine, I won't let you down  
Your soul lies open, it's been dragged  
Through this town  
Baby you're mine, gonna turn your world  
Around, there will be no mistaking this time  
Baby you're mine

Now I know it's hard to see me as a lover  
So long I've been your friend  
Take a chance, you don't know what you will discover  
You gotta believe me baby  
Your broken heart will mend

No one's gonna hurt you babe  
No one's gonna touch you babe now that you're mine  
No one's gonna love you like me  
No one's gonna hold you me now that you're mine  
Baby you're mine.
