All night I've been awake
You on my mind
I made a big mistake
To leave you behind
You know it's hard to sleep
On a bed of nails
I know that I was wrong
You knew it all along

I was a fool nothing better to do
Than fail again and blame it on you
Sometimes I don't know how I'll ever get you back
There's so much I need to say
But you're so far away

(chorus)
Ooh Just wanna get closer
Ooh Closer to you
Ooh Just wanna get closer, closer
That's all I wanted to do

So when I wake up
I'll count every move
I need to make
To get back to you
Who knows if time can heal
All that's gone before
But in your eyes once more
Lights on a distant shore

(chorus)

They say there's a northern light
Shining out there
They say there's a happy life
Who can tell me where
They say that love can fly
Like smoke in the air
I don't care what they say
When you're so far away

Ooh Just wanna get closer

Ooh Closer to you
Ooh Just wanna get closer, closer
That's all I wanted to do
Just to be close to you
