I'm a honky tonk man and I can't seem to stop  
I love to give the girls a whirl to the music of an old  
jukebox  
But when my money's all gone I'm on the telephone  
Callin' hey hey mama can your daddy come home

I'm living wild and dangerously but I've got plenty of  
company  
When the moon comes up and the sun goes down  
That's when I want to see the lights of town  
Cause I'm a honky tonk man...  
[ guitar ]  
I'm a honky tonk man...

It takes a purty little gal and a jug of wine  
That's what it takes to make a honky tonk mind  
With the jukebox a moanin' honky tonk sound that's  
when I wanna lay my money down  
Cause I'm a honky tonk man...
