## "I Love You Baby"

Visit "[I Love You Baby](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I love you baby, I don't mean maybe  
You drive me crazy

Well, I'm begging you on my hands and knees  
Keep a loving me, baby please  
I've been with you both night and day  
Even while your away

Yeah, I love you so much inside it hurts  
Even though it's your heart that flirts  
I love you, baby, I don't mean maybe  
You drive me crazy

Sometimes you say you don't love me  
How do you think I feel?  
My poor heart would surely break  
If I knew your love's not real

Well, I'm begging you on my hands and knees  
Keep a loving me, baby please  
I love you baby, I don't mean maybe  
You drive me crazy

I love you baby, I don't mean maybe  
You drive me crazy

Sometimes you say you don't love me  
How do you think I feel?  
My poor heart would surely break  
If I knew your love's not real

Well, I'm begging you on my hands and knees  
Keep a loving me, baby please  
I love you, baby, I don't mean maybe  
You drive me crazy

I love you, baby, I don't mean maybe  
You drive me crazy  
I love you baby, I don't mean maybe
