Mr. Moonlight

Nobody really cares where the moon goes a dawn
Just as long as it's around when the sun goes down
then it's nothing wrong
Mr. Moon and me and the baby makes three we're just
like one big family
Everything is right when you're shining bright Mr.
Moonlight

When the storm clouds gather and you don't know what
to do
Pack up your troubles and take a walk underneath the
moon
Tell him what's wrong and before too long you'll be
hummin' a happy song
Well everything is right when you're shining bright Mr.
Moonlight

Man I've been gone for a long long time from home
You can bet your money honey when I walk, I walk alone
I'm not mixed up with Mr. Moon around
The world is sound it's not upside down
Everything is right when you're shining bright Mr.
Moonlight

If you and I Mr. Moonlight we make three
And don't forget baby we'll have all night you him and
me
He'll put there moonbeams in your hair
I bet John lovin' he'll take it from there
Everything is right when you're shining bright Mr.
Moonlight
