Go away, little girl, go away, little girl;
I'm not supposed to be alone with you.
I know that your lips are sweet,
But our lips must never meet.
I belong to someone else and I must be true.

Oh, go away, little girl, go away, little girl;
It's hurting me more each moment that you delay.
When you are near me like this,
You're much too hard to resist.
So, go away, little girl, before I beg you to stay.

(Instrumental interlude)

When you are near me like this,
You're much too hard to resist.
So, go away, little girl, before I beg you to stay.

TAG:Go away.
Please don't stay.
