Ooh, short and sweet
No sense in draggin' on past our needs
Let's don't keep it hangin' on
If the fire's out, we should both be gone

Some people are made for each other
Some people can love one another for life, how 'bout us
Some people can hold it together
Last through all kinds of weather, can't we

Now don't get me wrong
'Cause I'm not tryin' now to end it all
It's just that I have seen
Too many lover's hearts lose their dreams

Some people are made for each other
Some people can love one another for life, well how
'bout us
Some people can hold it together
Last through all kinds of weather, Can't we

How 'bout us
How 'bout us, baby
How 'bout us
How 'bout us, baby

Some people are made for each other
Some people are made for another for life, how 'bout
us
Some people can hold it together
Last through all kinds of weather, can we

Some people are made for each other
Some people are made for another for life, how 'bout
us
Some people can hold it together
Last through all kinds of weather, can we

Some people are made for each other
Some people are made for another for life, how 'bout
us

Some people can hold it together
Last through all kinds of weather, can we
