"I Look At You"

I look at you and I say to myself,
"What more could I want if I had you?"
But I wouldn't dare to speak it out loud;
I stand and I stare, my head in a cloud.

*I look at you and I say to my heart,
"What chance would I have, why let the fire start?"
I long to know the thrill of your sweet embrace;
Yet when we're face to face, I just look at you

(Instrumental interlude and pick up at *.)

I look at you and I say to my heart,
"What chance would I have, why let the fire start?"
I long to know the thrill of your sweet embrace;
Yet when we're face to face, I just look at you.
