Have you heard, I married an angel

I'm sure that the change'll be awfully good for me

Have you heard, an angel I married

To heaven's she's carried this fellow with a kiss

She is sweet and gentle, so it isn't strange

When I'm sentimental, she loves me like an angel

Now you've heard, I married an angel

This beautiful change'll be awfully good for me

Now you've heard, I married an angel

This beautiful change'll be awfully good for me
