On a clear day, rise and look around you  
And you'll see who you are  
On a clear day how it will astound you  
That the glow of your being outshines every star

You'll feel part of ev'ry mountain, sea, and shore  
You can hear from far and near a world you've never  
heard before

And on a clear day, on that clear day  
You can see forever and ever more

[Instrumental first line]  
You can hear from far and near a world you've never  
heard before

And on that clear day, on that clear day  
You can see forever and ever and ever and ever and  
ever and everm
