I'm gonna see my baby
I'm gonna see my baby
I'm gonna see my baby
When I get home on Victory Day

I really missed my baby
I really missed my baby
I'm gonna kiss my baby
And live in love that US way

Females!
Alright when you just have something to say
But female ain't like when your arms round your honey
And you're home to stay

I'm gonna see my baby
I really missed my baby
I want to kiss my baby
When I get home on Victory Day

Females!
Alright when you just have something to say
But female ain't like when your arms round your honey
And you're home to stay

I'm gonna see my baby
I really missed my baby
I'm gonna kiss my baby
When I get home on Victory Day

I'm gonna get back to the double track
See my friends down on the main stem
Drop by the joint & say hello the boss
Grab my chick & say, "let's get lost"
When I get home on Victory Day
