There must be something in your smile
That makes me go so crazy
The special way that you just laugh
I can't control myself baby
I can't go on this way baby
You have me under your spell
Love me for life I will never leave you
I just don't know what I'm going to do girl

Chorus:

I know that you love me
And I know that you need me
And I know that you love me for all time
Repeat (2x)

Your love is something special girl
You know I love you so
The way you look at me that way

I just don't really know baby
I fall apart everytime your near me
I can't control my feelings lately
Love is so strong and I adore only you
I can't go on if your not beside me

Chorus

I fall apart everytime your near me
I can't control my feelings baby
Love is so strong and I adore only you
I can't go on if your not beside me

Chorus (2x)
