I pick her up at half past eight
escort her past the doorman who tonight feel great.
The sour taste that's on my tongue
disappears at her sweet kiss now I know I belong.

oh wow look at us now
had enough love from the chemical girlfriend
I'm beat and she's so sweet
give us more love please chemical girlfriend

Yeah~ uh huh~

the music's pumping through my veins
aligning my heart rate to its BPM
and I don't want to pro-create
cause all I want to do is assimilate

oh wow look at us now
had enough love from the chemical girlfriend
I'm beat and she's so sweet
give us more love please chemical girlfriend
Yeah~ come on~

oh wow look at us now
had enough love from the chemical girlfriend
I'm beat and she's so sweet
give us more love please chemical girlfriend

oh wow look at us now
had enough love from the chemical girlfriend
I'm beat and she's so sweet
so give us more love please chemical girlfriend

cause I dance with
you dance with
we all dance
cause I dance with
you dance with
we all dance
cause I dance with
you dance with
we all dance with the chemical girlfriend.

cause I dance with
you dance with
we all dance with the chemicals
