There's just something about you I love and I can't pin it
down
Is it in the way you kiss or the way your hair hangs
down
All I know is your warm woman's touch hold everything
I'm dreaming of
I don't know why I want you so much there's something
about you I love mhmm
[guitar]
There's a message in your move that's gettin' through
to me
There's something in the way you look that wakes up
the need in me
I don't know what draws me to you but I can't seem to
get close enough
I don't know what it is that you do there's just
something about you I love mhmm
All I know is your warm woman's touch...
