(Jerry Foster - Bill Rice)

Nights have a way of getting lonesome
And a man can go wrong away at home
There's time on my hands but there's a rain too
And I won't be lost because I love you.

I've had the chance and I've been tempted
Time and time again without giving in
Constantly my conscience tells me what to do
I'm not free don't wanna be because I love you.

I'll never break your heart because I love you
And I'll be true to you because I want to.

Loneliness could never let me lose control
In my mind I take you everywhere I go
I realize that while I'm gone you're lonely too
But you're mine and I don't worry because I love you...
