Loving you, beats all, I've ever seen

I've been to Niagara Falls and it's beauty took my
breath

I've watched the Matadors fight the bulls and stand so
close to death

I've climbed the Rocky Mountains and dined with Kings
and Queens

But loving you, beats all, I've ever seen

Loving you is something special to me
And with out you I can't help wondering what my life
would be

I've watched LA light up at night and walked the great
white way
I've stood on sandy beaches and watched the dawning
of a day
I've done most everything that are only in another
mens dreams

But loving you, beats all, I've ever seen

Loving you, beats all, I've ever seen
