(Johnny Paycheck)

It's a wonderful feeling when you come home at night
Knowing you've nothing to hide
When she smiles and says I love you it's when you know
the reason
Why the ways of the world just can't tempt a man that's
satisfied.

A man who's really loved has no reason at all
To ever want to sacrifice his pride
And when temptation surrounds him a man well loved
is just too strong
And the ways of the world just can't tempt a man that's
satisfied.

Yes, when temptation surrounds him a man well loved
is just too strong
And the ways of the world just can't tempt a man that's
satisfied...
