Serch slut for the quick view, but then I come back to  
dick you  
Down, down, down, get up  
When will you learn that when you try to flip  
First you have to learn the role, calm control  
Then bust combust, explode, blow your load  
But on yourself call for help? Who come for help on a  
crumb?  
No one, nada, zero zilch  
Try to see this, you'd better but on some stilts, son  
Serch will find the one, but the one you found was me  
Go plug the puffed head til it's all empty  
Plenty plenty more when I come pull your card, what?  
Good vibrations only when my dick is hard  
So if your booty ass lyrics don't get to me, the stench  
will  
Copy my shit like that, use a stencil  
Potential, can't get a piece of this rock  
When I go pop pop pop, Simon says "Stop"  
Begin, begin, weak blends, weekends, the stunts in  
sequence  
Can't find the move or the groove for the weekend

Scuds get drop and Serch stops all the madness  
Yeah right, like you was ever gonna have this  
Nonsense, square the sense and add a comma  
Begin with a coma, look what I've shown ya  
Ain't no use, so don't try and play cool, bitch  
Stomp out the kids in blue jeans and Goose Woolridge  
Bitch is a duck with six feet at all ends  
And on your deathbed your girl's fucking your best  
friend  
Show signs the time troop dismiss the her  
Cause when the bitch plays softball, she gots to go  
So don't try to chuck, you get the knuckle for the  
peeping  
My crew starts leaping with the groove for the weekend

Served in straight sets cause you rhyme like you got  
Torret's  
\*gooo boy guaaaaahhh\* You're next!

Complex diagrams of rhymes to flex  
A man go and use the cracks to sharpen the hex, sex  
Still come back and get served in straight sets  
Domes get sent to the pipe  
Cause I'm the baddest white boy to ever fucking touch  
a mic  
Like it or not, I don't care about the Hammer  
But he'd be my bitch if me and him was in the slammer  
So, handle the Kibbles and Bits and rap starter kits  
Get blown to bits for the weekend and that's it

That's all that's it for the weekend, that's it \*what?\*

That's all that's it for the weekend, that's it \*what?\*

That's all that's it for the weekend, that's it \*what?\*

That's all that's it for the weekend, that's it
