So y'all thought I was comin back with some old R&B  
huh?  
Check it...

Here it, comes!  
Yo, here it is or there it was  
But where was it when you need it? Because  
You fall to the waistline when you waste rhymes  
Serch got it flowin when it comes to fat beats and  
basslines  
I heard the rumors and the fables  
Remove them like tumors on the tables  
Boomers for the willing and the able  
So turn to the next page in your manual and flim-flam,  
all over the jam  
Chill  
Lounge  
Kick your ten little toes up at the end of this  
Razor blade and save your spade  
As the groove pummets you to another dimension  
May I just mention  
This is a map, it's for all made for climbin  
And you're stuck to your grip like an aluminum sidin  
Hiding in the back is for crumbs  
Hon, here it comes!

Hit it off  
Kick it off  
Hit it off  
Here it, comes!

B-boys, decots will try to destroy  
Delpoy the truth in black hoods and black boots  
Caps get rocked only when they're fitted  
Lyrics get dropped only when they're lifted  
So swing time is one up, the vo-chords run amuck  
Whatup? Whatup? I got mine and you got yours  
War's a factor, we'll perspire  
And someone in the crow yells fire fire  
we don't need no water, let it burn yo burn yo  
We don't need no water let it burn... so it burnt

Learn your lesson well, if I don't then I guess you get  
jelled  
Swell, heads go down like the sun and here it comes

Chorus

Fiddle-fee, fiddle-fie, fiddle-foe, fiddle-fum  
I smell the blood of an English  
muffin, huffin and puffin  
sellin his soul, J-E-L-L-O, ya know?  
Roll with the squad who makes back flips stack  
Hits upon this so play at your own risk  
Tisk, tisk, tisky, ya shoulda used Wisk  
Now you shouldn't appeal to be a Biff  
Insist that your motor's on scramble  
Remember the skips and enter the sample  
Ample flow is created by the tears and years  
Of proved and blue, perched on the front steps  
Checkin for the bass loop  
So the troops pulled out and the tows are paid, set and  
done  
And here it comes...  
I said here it comes!

Chorus
