I see corrupt politicians with blood in their eyes
The media plays along with their televised lies
I see people making war instead of love
I think it's time for a revolution of...

Change
Lord I can't take it
It's time for a change
I can't take it
It's time for a change

I see people standing round in unemployment lines
Gasoline prices are on the rise
Corporate America owns the red white and blue
We gotta make some changes and it's all up to you
Yea you

It's time for a change
It's time for a change

You can't solve anything with your head in the sand
Sometimes you just have to make a stand
There's a new day comin yeah, it's coming soon
And it's heading right for you

It's time for a change
It's drivin me insane
