Sitting in the darkness
A glimmer of light shines through on me
I've reached up for it
But it was gone
It twists and turns and slips away from me

If it wasn't for this pain
I wouldn't have any feelings at all
I'd live out my life in this desolate void

Chorus:
I need, I need something
To bring in the blue sky for me
I need the bright light
So bring in the sunshine

Sitting in this dark room
Looking out my window pane
I can't see anything
They've painted over it.
Nothing for my eyes to see

I have to make a stand
And stop all this
There's got to be a better way to
Live out my life

Chorus:
I Need, I need something
To bring in the blue sky for me
I need the bright light
So bring in the sunshine
