I want a new baby for Christmas  
One with long pretty hair  
I will stand and kiss her  
And I know I'll never miss her  
Because she will always be there

I don't want this old baby for Christmas  
'Cause Santa you know she's not true  
She kissed me on a hay ride  
And took me for a sleigh ride  
Then turned my white Christmas blue

The people are happy at Christmas time  
The children are jumpin' all around  
And I don't want to be left out of all the fun  
So Santa don't you let me down

I want a new baby for Christmas  
So don't you bring one that's untrue  
She'll kiss me on a hay ride  
Then take me on a sleigh ride  
And turn my white Christmas to blue

I want a new baby for Christmas  
One with long pretty hair  
I will stand and kiss her  
And I know I'll never miss her  
Because she will always be there

I don't want this old baby for Christmas  
'Cause Santa you know she's not true  
She kissed me on a hay ride  
And took me on a sleigh ride  
Then turned my white Christmas to blue

The people are happy at Christmas time  
The children are jumpin' all around  
And I don't want to be left out of all the fun  
So Santa don't you let me down

I want a new baby for Christmas

So don't you bring me one that's untrue  
She'll kissed me on a hay ride  
Then take me on a sleigh ride  
And turned my white Christmas blue
