(d. fritz, o. thornton)
-CHORUS-
You can't see
Specks beyond the trees
But I'll forgive
If you forget
Throw your first stone
You're a big man, make your stand
You've done nothing wrong
Are you sure, think again
'Cause I know a secret
I know a secret
I know a secret that you think that I don't know
(repeat CHORUS)
I'm writing in sand
Hoping it will remind you
All have sinned
Let the water wash you clean
'Cause I know a secret
I know a secret
I know a secret that you think that I don't know
