(m. fritz, d. fritz, o. thornton)  
Petals of a gesture fall  
Tokens costing her soul  
Hat in hand she stands  
Under the weight of regret  
Little dreams of love  
Fade into the dark  
In a moonlit room  
No happy endings  
-CHORUS-  
Violet  
Little flower, lift your face

Violet  
Stand in the shower of grace  
Objective eyes can see  
Beauty, strike men blind  
And sweetness of the kind  
The purest kind  
She'll never know  
Love she deserves  
Recognize herself  
For all she is worth  
(repeat CHORUS)
