They call them coons, they call them toads  
They call them darkies but heaven knows  
Ain't nothing but niggers  
Trying to get under our skin

We pay our taxes, they get a check  
We make a living, they're having sex  
Ain't nothing but niggers  
Trying to get under our skin

They demonstrate and aggravate  
Hey white man, you know that it's true  
They integrate and agitate  
And make us hate the things that they do  
Lord they do

They know the system, they get it free  
They keep on taking from you and me  
Ain't nothing but niggers  
Trying to get under our skin

They got the food stamps, we got the cash  
They're eating T-Bone, we're eating hash

Ain't nothing but niggers  
Trying to get under our skin

They're getting the goldmine, we're getting the shaft  
They're taking our handout, we're taking crap  
Ain't nothing but niggers  
Trying to get under our skin

They demonstrate and aggravate  
Hey white man, you know that it's true  
They integrate and agitate  
And make us hate the things that they do  
Lord they do

They know the system, they get it free  
They keep on taking from you and me  
Ain't nothing but niggers  
Trying to get under our skin

Ain't nothing but niggers  
Trying to get under our skin
