When I'm far away  
I miss you everyday  
When I'm gone too long  
Tired of being strong  
I send my heart  
Back to where you are  
Your love brings me home

When you're not by my side  
I lie awake at night  
All I can think about  
Is what I can't live without  
And as I fall asleep  
I keep you with me  
And your love brings me home

Brings me home - brings me home  
To the place where I belong  
There to guide me through the storms  
Your love brings me home

When I'm out on the road  
And time is moving slow  
When it's dark outside  
I just close my eyes  
Like a shining star  
Darlin' there you are  
Your love brings me home
