Momma told me my daddy was a ramblin' man  
I was born in the backseat of a Volkswagon van  
A different town every other month  
I couldn't even tell you where I grew up  
Made me who I am  
Now I'm just like my old man

I dance when I hear fiddle music  
I fall in love when the sprit moves me  
I ain't got no crystal ball but  
When the sun comes up you know I'm gone  
I don't work but I ain't lazy  
Some girl's always trying to save me  
She don't know this rock was meant to roll  
I got gypsy in my soul

I got freedom flowing through my restless veins  
I got friends in forty nine outta fifty states  
I don't need no address don't need no map  
Where ever I'm going that's where I'm at  
I don't apologize  
For the way I live my life

I dance when I hear fiddle music

I fall in love when the spirit moves me  
I ain't got no crystal ball but  
When the sun comes up you know I'm gone  
I don't work but I ain't lazy  
Some girl's always trying to save me  
She don't know this rock was meant to roll  
I got gypsy

In my soul there's a constant unsettled thunder  
To change the sky I'm living under  
I guess I'll die trying to find what's down the road  
Here I go now

I dance when I hear fiddle music  
I fall in love when the spirit moves me  
I ain't got no crystal ball but  
When the sun comes up you know I'm gone

I don't work but I ain't lazy  
Some girl's always trying to save me  
She don't know this rock was meant to roll  
I got gypsy  
I got gypsy in my soul  
In my soul  
In my soul
