Who can tell just how it starts
Angry words and broken hearts
The vows we set apart
You and I

But in a while, keep hangin' on
We forget who's right or wrong
And one of us will lift it all
With a smile

We believe in happy endings
Never breaking, only bending
Taking time of love commanding
The hurt inside

We believe in new beginnings
Giving in and the forgiving
We believe in happy endings
You and I

Just a word is all it takes
So at last the silence breaks
And looking back it makes mistakes
At what we done

And though we came together at all

And wonder why we're both so proud
And all that matters anyhow
Is our love

We believe in happy endings
Never breaking, only bending
Taking time of love commanding
The hurt inside

We believe in new beginnings
Giving in and the forgiving
We believe in happy endings
You and I
