Help me to sleep...

Jealousy rears its ugly head  
I won't forget the things you said before you turned  
your back  
Goodbye, goodnight, for good...remember my face  
when you feel the pain  
Say goodbye...

Now I'll fight with my eyes closed for the things I've let  
go  
Sweet breath escapes...choke on the lies that were your  
last goodbye  
Hear my voice as you sleep...  
Sleep tight, goodnight...choke on the lies that were  
your last goodbye

Goodbye helps me to sleep without your memories  
And my shattered dreams collect dust on what used to  
be a lie  
It haunts me no more and now you're gone, you've left  
me alone  
I wasn't wrong to feel this way inside so goodbye,  
goodnight, for good

Now I'll fight with my eyes closed for the things I've let  
go  
Sweet breath escapes...choke on the lies that were your  
last goodbye  
Hear my voice as you sleep...  
Sleep tight, goodnight...choke on the lies that were  
your last...

I find pleasure in the taste of your decay  
I anxiously watch you fade away

I can't explain what's happening inside of me  
I refuse to fight you anymore  
All I know is I have to make sure...make sure you never  
wake up again

Soft flesh gives way to trembling hand...

beautiful eyes are sewn shut  
searing thread suffocates the light
