Feat. Robert Ellis Orrall

You can get lucky baby you can get high.
Sometimes it's better just to try and get by.
You understand the way I'm feeling inside.
You can't always fight it.

You're the main attraction but your heads in a swirl.
You look for action in your everyday world.
Some satisfaction; you're not just another girl.
You can't always find it.

Bridge

You know where I'm goin tonight.
You can find me where it feels alright.

I'm not about to watch you walk away.
I thought I'd walk away from you someday.

CHORUS

Baby, please let go.
You make it harder this way.
I didn't want to do it but I couldnt say no.

Oh Baby, please don't go.
Unless you mean it this time.
I'd really wanna stop you but I couldnt say no.
I couldnt say no...

I get the feeling you're not willing to try.
It's so revealing in the way you satisfy.
And now I'm kneeling here and asking you why
You're making me fight it.

There's another question youve forgotten to ask.
You talk so tender then you run out of gas.
I'm always looking for the man behind the mask.
You wont let me find it.

Bridge

Chorus
