There was a time
When every thing felt right
I was your darlin' girl
You saw me in a perfect light

But baby what's goin' on
Everything's feelin' wrong
Don't wanta be holding on
To something already gone

Oh whoa, whoa
Something already gone

We used to laugh a lot
And hold each other tight
You were my love
And did every little thing just right

What I'm wishin' for
Is we should be kissin' more?
Don't want to be missin' no
Something already gone

Something already gone and lost forever
I wish there was something we could do
If we'd just put our hearts together
Just give me something to hold on to

Don't wanta be lost without your sweet love
I want you to hold me all night long
But something here inside says
"Something already gone"

Something already gone and lost forever
I wish there was something we could do
If we'd just put our hearts together
Just give me something to hold on to

Don't wanta be lost without your sweet love
I want you to hold me all night long
But something here inside says
"Something already gone"
