Well baby walk and baby talk

Baby walk and baby talk to you

Well I don't mind baby anytime

You and me baby I tell you alright

Well I don't mind, I don't mind

I don't mind, any old time

I don't mind, I don't really mind

Tonight's alright

Well baby walk and baby talk

Baby walk and baby talk to you

Well I don't mind baby anytime

You and me baby I tell you alright

I don't mind

And I don't mind

I don't mind
