Their eyes light up
When you put them down
Heartbeat increases
When you shove 'em around
Spill a drink on her
She's your friend for life
You can carve out a disciple
If you have a knife

Oh, hurt me
Ok, I'll hurt you
Heartbeat you
Then I'm goin' to sleep

I'm not one of those cats that you meet
Don't try, you can't impress me
But there's pages missin'
What's it about?
Each page leaves somethin' you'll never find out

Oh, hurt me
Ok, I'll hurt you
Heartbeat you
Then I'm goin' to sleep

Oh, hurt me
Ok, I'll hurt you
Heartbeat you
Then I'm goin'
Think I'm goin' to sleep

Maybe I'm the prize fool because I tried
But if I gave up
Life would really suck

Oh, hurt me
Ok, I'll hurt you
Heartbeat you
Then I'm goin'
Then I'm goin' sleep
