Talk back trembling lips shaky legs don't just stand
there
Don't let her know she's gettin' through to you
Talk back trembling lips burning eyes don't start crying
Heart don't let her know that you're breaking in two

Everyday our love's a battle royal
Dear it seems that fighting is all we do
But if I let you know how much I love you
You'll do things to me you shouldn't do

So talk back trembling lips...

Everytime you up and hurt my feelings
I pretend it couldn't matter less
But I'm just hiding all of my emotions
Behind my broken heart I guess

So talk back trembling lips...
Heart don't let her know that you're breaking in two
