(Angel, angel)  
Angel  
Gentle as a flower  
Every waking hour  
Warmed by your embrace

Angel (angel)  
When my days were gloomy  
Heaven sent you to me  
With your angel face

I've heard the night wind calling  
And like the wild bird  
I go my way

One day as rain was falling  
A smile as bright as the sun  
Replaced that blue day  
With a new day

Angel  
If I hadn't found you  
Put my arms around you  
I would have no place

Angel (angel)  
I will never stray, love  
Stay and kiss away, love  
Your sweet angel face

(Angel)  
How I love you, how I love you  
(Angel)  
How I love you, how I love you  
(Angel)  
How I love you, how I love you
