"Without You"

You made me happy you made me sing
But now without you I've lost everything
And I know know it's true that I I must go through
All my life all my life without you

No one to talk to when I'm alone
No one to call me call me her own
And I know know it's true that I I must go through
All my life all my life without you

Maybe tomorrow maybe in time
I'll find an angel who wants to be mine
Someone who needs me like I'm needing you

Someone to love me and to always be true

But oh my darling I love you still
I dream about you and I always will
And I know know it's true that I I must go through
All my life all my life without you
