You work all your life
To get where you are these days
You are all you could be
Still you wondered why you've stayed.

'Cause you're the one and only
The one who will see it through
You're the one and only
The one who will make it in the end.

You've had some good times
You've had some bad too
No troubles slow you down.

Cause you're the one and only
The one who will see it through
You're the one and only
The one who will make it in the end.

The one and only
You're the one.

Cause you're the one and only
The one who will see it through
You're the one and only,
The one who will make it in the end.

The one and only
You're the one...
