Anthem of Pain

Iâ've seen enough today to know that things won't go
my way
Iâ'll take this bullshit pain and turn it around like I did
yesterday

Hey you out there can you hear me
Iâ'm stuck in here and falling down

Today is my day
Iâ'm gonna stand up and do things my way
Listen to me know Iâ've got something to say today
This is the anthem of pain
I will control my hate I will hold back all my pain
I do this again and again just to get through the day

Hey you out there can you hear me
Iâ'm stuck in here and falling down

Today is my day
Iâ'm gonna stand up and do things my way
Listen to me know Iâ've got something to say today
This is the anthem of pain
