Crazy

And I want to know how you feel
Cuz you're always inside of my mind...all the time
And I want to know what you think
Cuz there's a bleeding inside of my brain...insane

I want you, only you
So tell me baby

Baby Baby you're driving me crazy
Baby Baby you're driving me crazy
I just want to be with you but you don't want me to
Baby Baby you're driving me crazy...ok

I still think there's a chance just one chance
But you'll always turn me down once more...once
more
And I love when you say it's the end
That where much better off as friends....as friends
I want you, only you
So tell me baby

Baby Baby you're driving me crazy
Baby Baby you're driving me crazy
I just want to be with you but you don't want me to
Baby Baby you're driving me crazy...ok

You had you're chance, for romance
Now say goodbye

Baby Baby you're driving me crazy
Baby Baby you're driving me crazy
I'm so sick off all your games they always end the
same
You're so delusional you think that you know it all
Baby Baby your so fucking crazy...ok
