Bury me down in my grave
Leave nothing but my name
Can't bare life without you

You fan the flames the lines of love and hate
Burn in the fire that your walking through
But I will follow you...

If you want me to bleed I'll cut the vein for you
Want me down on my knees I'll kiss the ground for You
and I could tear the
World in two
I'd rather burn in hell then have heaven without you

Tear me down then pick me up
Seems I can't get enough
The pain I am immune

Your on the ledge and one step to the edge
Of the darkness that your falling through
But I'll go down with you...

If you want me to bleed I'll cut the vein for you
Want me down on my knees I'll kiss the ground for You
and I could tear the
World in two
I'd rather burn in hell then have heaven without you

And when you rip my soul apart
In your bloody hands my beating heart

If you want me to bleed I'll cut the vein for you
Want me down on my knees I'll kiss the ground for You
and I could tear the
World in two I'd rather burn in hell...

If you want me to bleed
(Whoa Whoa)
Want me down on my knees
(Whoa Whoa)
You and I could tear the world in two
I'd rather burn in hell then have heaven without you
