Come on, come on, come on, come on
Give it, give it, give it, give it, give it, alright

Let's try it in slow motion, yeah baby
Make it last a little longer, ah darlin'
Let's try it in slow motion, yeah baby
And make it last a little longer, stronger, longer,
stronger

Baby, don't haste make waste
And your good loving is best too good to waste
I want you to understand me
That making love can be a specialty

And baby, I need your love
I want your love, I need your love

And now let's do it in slow motion, yes, darlin'
And make it last a little longer, ah baby
And let's do it in slow motion, yes darlin'
And make it last a little longer, stronger, longer,
stronger

Baby, when you put your lips on mine
Don't turn them back too fast, no, no
I said, kiss me, squeeze me, let me know you need me
Let's try to make our love last, yeah

Come on baby, I need your love
I want your love, I need your love

And now let's do it in slow motion, yes darlin'
Make it last a little longer, ah baby
Let's try it in slow motion, yes darlin'
Make it last a little longer, stronger, longer, stronger

Baby, come on, let's do it, let's do it
Let's do it in slow motion baby, yeah
Make it all right, make it all night
Make it all right if it takes all night
Yes, do it, do it in slow motion, in slow motion

Slow motion, slow, slow, slow, slow, slow motion
It's slow motion, don't lose it, don't lose the groove
Don't lose it baby, don't lose the groove
You, know I like it, yeah, yeah
You may like the way I like it baby, alright, in slow
motion
