[Instrumental]

Don't believe a word you said
I can't stand the way you do
Lordy, Lord I'll wait
Comin' home to you

Lord at first I'd rather
Sit and listen to you
Going down

Stayed out last night
And the night before
I done changed the lock
Woman on my door

Well Lord at first I'd rather
Sit and listen to you
Well, it's lies that's all

Yeah!

[Instrumental]

Ohhhh, ohhhh!

[Repeat ad lib.]

Done bought me a ticket
The trunk's already gone
Lord don't bother
Ain't gonna be here long

Lord first I'd rather
This be the last of you
Goin' down
Ohhh, ohhh!

[Instrumental and fade]
