(Ha ha ha)  
Well, I'm going to the city  
Just to see what I can find  
Got to get me somebody  
I got the same thing on my mind  
Got the same thing on my mind  
Oh yeah, I do  
I ain't tired, no I ain't hungry  
But I'm horny as I can be  
Been a long time comin' baby  
Better come get some of me  
Better come get some of me, yeah

[Instrumental]

No I can't stay in the East, man  
And I sure don't like the West  
I can't stand the North and South boys  
But I sure love all the West  
No I'm on the West  
Yeah, I dig it man  
I got women in California  
Man, in New York and between  
It's a fulltime operation  
Trying to keep my business clean  
Trying to keep my business clean now

I'm about to get straight folks

[Instrumental]

I'm workin' on it now

[Instrumental and fade]
