Lord, knows I've tried  
To do what's right  
One whole year of stayin' home  
Both day and night

'Cause I smell a mean trouble  
Way over yonder  
You know I heard a mean, yeah  
Always in trouble people  
Lord, they just won't let me be

The people talk about me  
Both night and day  
I said, Lord, please forgive them  
And go the other way

'Cause I smell a mean trouble  
Lord, I smell trouble  
Ahead of me, oh, yeah  
Yes, always in trouble  
Lord, they just won't let me be

And from now on  
I will not run and hide  
I'll face trouble with a smile  
And hope it pass me by

'Cause I smell a mean trouble  
Way over yonder  
I say, I heard a mean  
Yes, always in trouble

They just won't  
They just won't  
Lord, they just won't  
Let me be

Hoo, oh yeah
